Sub: Thanking you for your generous donation for the treatment of children suffering with Cancer

Dear Mr. Joshi,

Tata Memorial Centre (TMC) is an Autonomous Body under the administrative governance of Department of Atomic Energy, Govt. of India and India's apex tertiary care centre. Every year, we treat roughly 3000 children with cancer, from all over India and neighboring countries.

Since most of these children come from the poor socio-economic strata; TMC provides free or highly subsidized therapy to all and ensures holistic adoption of entire family not only for treatment and finances, but also for accommodation, nutrition, education and psychological support.

On behalf of the division of Pediatric Oncology, I would like to express our heartfelt gratitude for donating Rs. 3,50,000/- towards the treatment of patients.

Looking forward for your continued support for our children,

With best personal regards,

Ms. Shalini Jatia
